HOW CAN IT RESPOND TO COMMUNITY NEEDS?**

ABOUT THE WORKSHOP

11 Brock Ave. is City-Owned land that is going to become affordable housing. We are gathering recommendations on what type of affordable housing should be built. The focus of the conversation will be on the needs of senior housing, supportive housing and affordable family housing.

Speakers from the community will talk about recent planning initiatives and share stories of living in Parkdale. Residents will have a chance to discuss what type of affordable housing they would like to see in the community.

Join the conversation!

HOSTED BY:
