Request for Proposals Quantity Surveyor / Cost Consultant

The Neighbourhood Land Trust (NLT) is a non-profit organization dedicated to protecting the affordability, diversity, and equity of Parkdale by bringing land into community ownership and control. NLT works to acquire and manage land, leasing it at affordable rates to eligible charitable partners who provide community benefits including affordable and supportive housing. NLT is the charitable arm of the Parkdale Neighbourhood Land Trust (PNLT). Visit www.pnlt.ca for more information.

PART 1 - INTRODUCTION

On April 1st 2022 The Neighbourhood Land Trust (NLT) acquired 81 single family homes and small multi-unit residential buildings from Toronto Community Housing. This social housing portfolio is operated by the YWCA Toronto as affordable rental housing, with a focus on serving women-led households. Over the next 5 years the NLT will invest over \$21mm in a 5-year Capital Repair and Improvement Plan to bring all 81 buildings into a State of Good Repair. Due to the diverse repair needs of the 81 properties, the repair program will be undertaken through a large number of small contracts with general contractors and preferred vendors. As required by our lender, the NLT requires the services of a Quantity Surveyor / Cost Consultant to provide Project status reporting and loan drawdown certification for a construction scope totaling \$17.9mm over a 5-year period.

This Request for Proposals ("RFP") is an invitation by NLT, to prospective proponents to submit proposals for the provision of technical consulting services as further described in PART 2 - SCOPE OF WORK and including:

- Preliminary Report
- Monthly Project Reports and Drawdown Certification (July 2022-December 2026)
- Certificate of Project Completion

The proponent must provide a bid for all of the consulting services. A notice of this RFP is posted at http://www.pnlt.ca/wp-content/uploads/2022/05/RFP NLT Quantity-Surveyor-1.pdf

NLT is looking for an experienced Quantity Surveyor to act on our behalf to provide Project status reporting and loan drawdown certification for a 5-Year Capital Repair Program for 81 single family homes and small multi-unit residential buildings.

We're in search of a capable and efficient Quantity Surveyor / Cost Consultant who has expertise in small scale residential building renovation and who is willing to design a service approach that meets the unique characteristics of this project. The ideal candidate is as comfortable reviewing complex schedules and renovation budgets, as they are visiting a renovation site. It is also essential to have strong written communications skills to provide concise Project status reporting to our lender. Knowledge of sustainable building practices and social procurement is an asset.

We strongly encourage applications from residents of the West End of Toronto and or equity-deserving groups.

Type of Contract for Deliverables

The selected proponent(s) will be requested to enter into negotiations for an agreement with NLT for the provision of the Deliverables.

Timetable

Proponents should submit their proposal according to the following timetable and instructions.

Issue Date of RFP	Wednesday May 6, 2022	
Last date for Questions	Monday May 9, 2022	
Last date for Response to Questions	Wednesday May 11, 2022	
Submission Deadline	Friday May 20th, 2022	
Contract award	Wednesday June 1, 2022	
Submission of Monthly progress reports	July 2022 - December 2026	
Contract Completion	December 31 2026	

The timetable is tentative only, and may be changed by NLT.

The Proponent is accountable to NLT and shall be diligent in carrying out this assignment in order that the project is completed on budget and on schedule.

PART 2 - SCOPE OF WORK

Description of Deliverables

This Request for Proposals ("RFP") is an invitation by The Neighbourhood Land Trust (NLT) to prospective proponents to submit proposals for the provision of technical consulting services for a large social housing portfolio. The services required include:

- Preliminary Report
- Monthly Project Reports and Drawdown Certification (July 2022-December 2026)
- Certificate of Project Completion

The proponent may provide a bid for all or part of the consulting services. The proponent may be a single company or multiple companies working together as a team.

2.1 Building Profiles

Please find a "Summary of Building Types" in Schedule E.

2.2 Scope of Deliverables

- Preliminary Report: Prior to the first scheduled drawdown request, the Cost Consultant
 will prepare a Preliminary Report from discussions with the Borrower, their consultants,
 architects, engineers, construction and/or project manager and review available
 documentation including but not limited to:
 - a. Reviewing Project plans and specifications in the context of the Project Budget, applicable permits and municipal by-laws;
 - b. Reviewing all labour, material and equipment cost items, which are, or ought to be, included in the Project budget with a view to determining that such allowances are reasonable and complete;
 - c. Reviewing the proposed budget, cash flow projections, and drawdown schedule of all sources of funding, and advise of revisions thereto that may appear necessary so that remaining available funds as defined in the Loan Agreement are, in the Project Monitor's opinion, sufficient to complete the Project within the time projected by the Borrower.
 - d. Reviewing contracts and/or construction material supply, labour and subcontractors, trade contracts (as applicable), for completeness and consistency with the Project description to determine any contract exclusions which may require Project budget adjustments;
 - e. Reviewing professional reports, briefs and due diligence reviews (as applicable);
 - f. Reviewing a detailed Project budget, separating into land, hard, and soft costs on an individual line item basis:
 - g. Reviewing insurance certificates to ensure that sum insured, insured parties, loss payable and period of coverage is appropriate.
 - h. Confirming that Project contingencies are considered adequate relative to the costs to complete the Project;

- i. Reviewing all labour, material, equipment and subcontractor cost items which are, or ought to be, included in the Project budget with a view to determining that such allowances are reasonable, adequate and complete;
- j. Reviewing Project cash flow projections showing on a monthly basis the cash inflows and outflows separately while identifying Borrower Equity, CMHC Loan drawdowns, and any other sources of financing (as applicable), as well as GST / HST (where any portion is refundable);
- Reviewing Project construction schedules in the context of the Project plans and specifications, general and head contracts, and confirming that the schedule is achievable;
- Reviewing soil tests, geotechnical reports and/or environmental assessments (as applicable), ascertaining how the analysis and recommendations therein will impact the Project budget, and ensuring that any recommendations are appropriately incorporated into the plans and specifications;
- m. Reviewing any such documents and data as is made available in the course of reviewing the Project budget with a view to ensuring to the fullest reasonable extent the adequacy of the Project budget, including but not restricted to:
 - i. Building permits:
 - ii. The Lender's Loan Agreements;
 - iii. Development, Municipal, Regional or Contribution Agreements;
 - iv. Management Agreements;
 - v. Consultant agreements including design, sales, marketing, management and legal.
- n. Addressing and delivering the Preliminary Report directly to the CMHC;
- o. Including in the Preliminary Report all documents and reports reviewed with commentary pertaining to the proposed technical, contractual, operational and financial aspects of the Project, including:
 - i. Key findings positive and negative, as applicable;
 - ii. Confirmation of the Project budget, cash flow and construction schedule;
 - iii. Review and commentary on all executed change orders and confirmation that adequate funding is in place to cover the cost of any additions to the scope of work. Confirmation that the required additional owner's equity contribution into the Project is in accordance to the contractual agreements in place;
 - iv. Commentary on any potential or foreseeable problem areas or such other matters, if any, that have been identified and which may affect completion of the Project in accordance with the budget and construction time schedule;
 - v. An opinion, based on the engineering and other consultants data reviewed, as to whether the projected output is reasonable or not;
 - vi. Confirmation that the Borrower has entered into sufficient fixed price contracts or construction management "at risk" agreements as required under the Commitment Letter;

- vii. Confirmation that all sources of financing, including but not limited to, the Borrower Equity has been invested as required under the Commitment Letter (as applicable);
- 2. Project Reports and Drawdown Certification: The Cost Consultant is expected to complete an inspection on a no less than monthly basis and which should be done at the request of, and coordinated with, the NLT, giving reasonable notice of inspection requirements. The Project Reports are to be prepared monthly for the duration of the Project until Total Completion has been achieved. The Project Reports shall incorporate the following:
 - a. Brief executive summary summarizing the Project status;
 - General construction progress including work completed over the month as compared to plan and any emerging Project risk issues that may impact scope, budget or schedule, along with recommendation for budget and schedule revisions and identified deficiencies with remediation plans;
 - c. Project scope summary of any material or equipment changes to the approved plans and specifications and commentary on the foreseeable impact of such changes on the final project delivery.
 - d. Updated Project budget, separated into land, hard, and soft costs as individual line items with details (including material quantities as well as labour and equipment costs) and compared to the initial Project budget including:
 - i. Costs incurred to date, cost to complete, and variance analysis;
 - ii. List of approved change orders (with summary scope description including detailed material, labour and equipment costs and rational):
 - iii. List of contemplated change orders (with summary scope description including detailed material, labour and equipment costs and rational);
 - iv. Forecasted cost to complete with variance from baseline budget analysis;
 - e. Updated Project cash flow projections including any approved change orders and/or changes in scope of work, together with comments on any material variances from the original baseline, and drawdown schedule of all sources of funding:
 - f. Construction schedule status as compared to baseline including:
 - Approved schedule variances with rationale and recommendations for schedule revisions:
 - ii. Contemplated schedule variances with rationale and status of approval;
 - iii. Forecasted completion date with variance from original baseline and rationale:
 - iv. Any updated municipal approvals, permits, or any other authorizations having jurisdiction (as applicable).
 - v. Insurance and bonding status (where applicable);
 - g. Copies of all certificate(s) or declaration(s) from the contractor(s), subcontractor(s) and/or consultant(s) as the Cost Consultant deems necessary to certify that construction is being performed in accordance with the approved

- plans and specifications and complies with the applicable permit(s), municipal by-laws and the applicable code(s);
- h. Monthly reviews of cancelled cheques;
- Certification of the amount of each drawdown requested by the Borrower based on invoices submitted for payment through completion of the Cost-In-Place Margin and Cost to Complete (as defined in the Loan Agreement).
- j. Identification of the value of holdbacks retained to date, compliance with the Construction Lien Act, and any lien notifications;
- k. A notarized Statutory Declaration prepared by the Borrower and Cost Consultant will be required confirming the same;
- I. A copy of the Borrower's drawdown request (see Schedule G) must accompany monthly reports;
- m. A drawdown request (see Schedule G) in the form specified in the Loan Agreement and the NLT may request an advance to be made on either the 1st or the 20th day of any calendar month (or the next business day following such date if such date is not a business day).
- 3. **Project Completion:** upon completion, the Cost Consultant is to provide a "Certificate of Substantial Completion" certifying that all required work under each Construction Contract in respect of the Project has been fully completed.

PART 3 - PROPOSAL SUBMISSION

ELECTRONIC PROPOSAL SUBMISSION ONLY, should be emailed to monicahutton@pnlt.ca. Hardcopy submissions not permitted.

NLT does not accept responsibility for technical issues such as network outages or computer issues that may result in errors in a submission or cause a submission to be late.

Proposals should be submitted no later than 11:00 a.m. local time, Friday May 20th, 2022.

Proponents should submit one (1) electronic PDF copy of the Proposal Requirements outlined in Part 4. Proposals are to be prominently marked with the RFP title and the full legal name and address of the proponent. Submissions may be changed after they have been submitted, if received before the stated deadline on **Friday May 20th**, **2022**..

Questions should be emailed to <u>monicahutton@pnlt.ca</u> no later than Monday May 9, 2022. A summary of responses to questions will be provided no later than Wednesday May 11, 2022.

Evaluation

Each proposal will be evaluated by NLT based on the demonstrated understanding of the project requirements, the qualifications and experience of the proponent, the capacity to meet timeline and objectives, as well as the financial proposal. A short list of firms may be created for review and for the purposes of an interview. Proponents may be contacted to explain or clarify their proposals. NLT reserves the right to place emphasis on certain aspects of the proponent's application however it may deem appropriate.

NLT is committed to social procurement and employment equity and encourages submissions from proponents which identify under one or more of the following categories:

- Non-profit, social enterprise or cooperative;
- BIPOC owned or led;
- The extent to which the proponent hires equity deserving groups; and
- The proponent is a decent wage and/or living wage employer.

Each proposal will be reviewed to determine if the proposal is responsive to the Proposal Requirements outlined in Part 4 of the RFP. Failure to comply with these requirements may result in the proposal being deemed non-responsive.

PART 4 - PROPOSAL REQUIREMENTS

The submission should include all of the information listed in this section. The proponent should provide information of sufficient scope and depth to demonstrate the ability of the proponent to adequately deliver the services described in this RFP.

Applicant Summary Form (Part 1) - Please fill out the Form in Schedule A.

Technical Proposal (Part 2)

- 1. **Qualifications and Staffing** Please describe your qualifications for this scope of work. Consider including the following information:
 - Proponent introduction including qualifications to undertake this work. Please include all relevant licences.
 - If relevant, please provide a list of the team member(s) (including all subconsultants) assigned to this contract, identifying the number of years' experience in each discipline and relevant certifications / credentials for each.
 Please ensure that any subconsultants are listed as such and the nature of your working history.
 - Indicate the number of years you or your team has been performing Quantity Survey and or Cost Consultant services, and describe your professional experience related specifically to building retrofits.
- 2. **Project Approach & Scope** Please describe how you or your team will approach this work. Consider including the following information:
 - Your approach to undertaking Preliminary Reporting,
 - Your approach to undertaking Project Reports and Drawdown Certifications,
 - A summary of your site inspection routine, and
 - Your approach to ensuring consistent and accurate review and reporting.

3. Project Management & Quality Assurance

- Describe tools that will be used to provide the services described in the Scope.
- Describe tools that will be used to prepare and track the Project schedule, identify the risks which may impact the Project schedule and steps that will be used to mitigate those risks.
- 4. **Examples of Work -** Please provide the following samples:
 - A sample of a Project Report and Drawdown Certification report as an Appendix.
- 5. Financial Proposal Bid Form (Part 4) Please fill out the Form in Schedule C.

Schedule A: Applicant Summary Form

Schedule E: Summary of Building Types

Please note that information provided is best-known / approximate - all details are to be confirmed by the successful bidder.

Asset Type:	Quantity
2 Storey Detached House Single Family	4
2 Storey Detached House Duplex	1
2 Storey House Fourplex	3
2 Storey Detached House Fiveplex	2
2 Storey House Sixplex	1
2 Storey Semi-Detached House Single Family	38
2 Storey Semi-Detached Duplex	4
2 Storey Semi-Detached House Fiveplex	1
2 Storey Row House Single Family	7
2.5 Storey Detached House Single Family	1
2.5 Storey Detached House Duplex	2
2.5 Storey Detached House Triplex	1
2.5 Storey Semi-Detached House Single Family	3
3 Storey House Duplex	1
3 Storey Semi-Detached House Triplex	1
3 Storey Semi-Detached House Fiveplex	3
3 Storey Semi-Detached House Multiplex	2
3 Storey Townhouse	4
3 Storey Apt Building & 3 Storey Houses	2
TOTAL	81

Schedule E: CMHC Form Drawdown Notice

TO:		Canada Mortgage a	nd Housing Corporation	("CMHC")
FROM:				(the "Borrower")
DATE:			1	
1.	thereto	to, as the same has bee	between the Borrower, in amended or modified t	the loan agreement made as of CMHC and any Guarantors party to the date hereof (the " Agreement "). The direction in the Agreement have the same
2.	The B	orrower hereby reques	t the following Drawdow	'n:
	(a)	Drawdown Date:		
	(b)	Repayable Loan Drawdown Amount:		
	(c)	Forgivable Loan Drawdown Amount:		
3.	the re	presentations and w	arranties of the Borro rect on and as of the da	ower contained in the Agreement and ower contained in the other Loan te hereof as though made on and as
	(a)	given to CMHC by the	e Borrower and accepte	d in writing by CMHC; and
	(b)	expressly contemplat writing.	ted by the terms of the A	greement and disclosed to CMHC in

 All of the conditions precedent to the Drawdown requested hereby that have not been properly waived in writing by or on behalf of CMHC have been satisfied.

5. No default or Event of Default has occurred and is continuing or will have occurred and be continuing on the Drawdown Date, or will result from the Drawdown requested hereby.

[Signature page to follow immediately]

¹ <u>Client-facing Note to Borrower</u>: This date must be at least ten (10) Business Days prior to the first Drawdown Date and at least ten (10) Business Days prior to any other proposed Drawdown Date.

Schedule F: CMHC Project Consultant's Certificate

TO: Canada Mortgage and Housing Corporation ("CMHC")		BORROWER:	
ADVANCE NO: CERTIFICATE DATE:		PROJECT ADDRESS:	
		COMPLETION DATE:	
	n my/our professional experience ar nave deemed necessary in the circun		
1.	I/we have periodically inspected execution of the Construction as "Inspection Date").		
2.	All required permits, licenses and maintained.	d other authorizations ha	ve been obtained and are being
3.	Execution of the Construction and development of the Project up to and including the Inspection Date has been performed in a good and workmanlike manner. [Subject to Note 1 below]		
4.	Execution of the Construction and development of the Project up to and including the Inspection Date has been performed substantially in accordance with (i) the plans and specifications, (ii) all applicable building codes, municipal bylaws and regulations, (iii) all required permits, licenses and other authorizations and (iv) all Applicable Laws, including, for the avoidance of doubt, Environmental Laws. [Subject to Note 1 below]		
5.	In my/our opinion, as of the date hereof, the figures set forth below accurately reflect the Project costs or work completed on the Project and the costs of the remaining work required to complete the Project in accordance with the plans and specifications. A report setting out in greater detail those elements comprising the figures set out below is attached hereto and forms part of this Certificate.		
	(a) Project costs of work comple	eted to date:	\$
	(b) Project costs of remaining we	ork:	\$
	(c) Estimated total Project costs	(a+b):	\$0.00
	(d) Original estimate of total Pro	ject costs:	\$
	(e) Amount of additional costs, it	f any (c–d):	\$
6.	In my/our opinion, as of the date hereof, the remaining contingency reserve of \$ contained in 5(b) above is adequate given the current state of work in place and contracts entered into to complete the Project.		
7.	In my/our opinion, as of the date Reasons for delareviewed the Drawdown Schedule the date hereof or an updated drarequired by CMHC.	ay, if applicable, are outlin provided to CMHC and co	ed in the attached Exhibit. I have nfirm that it remains accurate as of

This certificate is given in connection with the above-referenced advance under your credit agreement with the Borrower dated and you may rely upon it in making such advance.

Consultant:			
Per: Name: Title:			
Cost consultants are not qualified to confirm that construction work has been completed in accordance with plans and specifications or applicable laws. In this regard, you will find in our report a certificate provided by the Project's architect to confirm that the Project is being constructed in accordance with the approved plans and specifications and all applicable laws on which we have relied. Also enclosed are inspection reports/certificates from all other design consultants including but not limited to structural engineer, mechanical and electrical engineering, and shoring consultants, on which we have relied.
